	COMMENTS	

It is your responsibility to notify the WSDA inspector of any pesticide applications made immediately before or during the inspection period, as required by the State of Washington or pesticide labeling.

I request and grant permission to WSDA inspectors to access the listed growing site property for purposes of SERF inspections and auditing. I have a SERF Sustainability Plan in place and agree to follow and update it. I understand that I will be charged for the inspection services at the current hourly and mileage rates as established by WAC 16-470. I agree to pay all charges billed at the time of service.
